## IN-DEPTH INTERVIEW GUIDE

**INSTRUCTIONS:** After interviewer has administered the Acceptability and Use Experiences Questionnaire, administer this IDI guide. Write down all responses to the questions in English, irrespective of the language the participant answers in. Probe to get in-depth responses and detail regarding these questions.

**Interviewer Read:** We would like to explore in more depth some of the important issues around use of the Wisebag. Some of these questions were already asked, but we would like to hear more about your experience. All the information will be kept confidential and will not be shared with anyone else besides the research study staff.

1. When you carried the Wisebag to and from the clinic, what did others think about it?

---

---

---

2. Describe how comfortable or uncomfortable it was carrying the Wisebag.

---

---

---

3. Please describe whether having the Wisebag at home caused any concerns or problems?

---

---

---

4. Describe experiences you had with people gossiping about the Wisebag

---

---

---

5. Please describe how you stored the Wisebag at home

---

---

---

6. How did you describe the purpose of the Wisebag to others in your household?

---

---

---
