

## MTN-042 Data Communiqué #4 – November 25, 2020

**This is official study documentation for MTN-042. Please circulate it among relevant staff for their review, print it, and place it in your MTN-042 SSP Manual in the Data Communiqués section. This document is considered part of the MTN-042 SSP manual.**

### UPDATES

#### Database Updates

The MTN042\_C1 (cohort 1) Medidata Rave database was migrated to version 5.0 (2381) on 25 November 2020.

The migration included an update to the following study case report form:

#### COVID-19 Behavioral Assessment

The response options for “14e. How did the quality of your prenatal care change because of the COVID-19 pandemic?” were corrected. If this form was already completed the field will now appear blank; do not complete retroactively.

An updated complete set of blank eCRFs will be posted to the MTN-042 ATLAS webpage.
